IRAQ FINANCE EXPO

10 - 11 January 2026, Baghdad

A Decade of Ecellence & Leadership

Since the launch of the first edition of the "Iraq Finance Expo," we have set a strategic goal to support and develop Iraq's financial and banking infrastructure and connect it with the latest global technologies.

Today, after nine successful editions held both inside and outside Iraq, we celebrate the tenth edition — a culmination of a decade of dedicated work in building a platform that brings together banks, electronic payment companies, insurance firms, and decision-makers in the financial and economic sectors.

> **In this edition, we look forward to making the event the largest and most impactful in the journey of digital financial transformation in Iraq and the region.**

Since the launch of the first edition, the exhibition has worked to support the journey of financial and banking reform and development in Iraq by highlighting public and private sector projects that aim to:

- Enhancing digital transformation in banking services
- Expanding the base of financial inclusion
- Encouraging investment in modern financial technologies
- Improving the efficiency of the financial sector in

Over the past nine editions, most Iraqi banks participated in the exhibition, along with regional and international electronic payment and insurance companies, making the event an annual destination anticipated by specialists, investors, and decision-makers in the fields of economy and finance.

Tenth Edition
The Largest Transition Point

The 10th edition of the exhibition marks a new milestone, as the organizers aim to elevate the level of organization, management, and technical content, making this edition the largest and most impactful in the exhibition's history.

This edition comes amid the rapid transformations taking place in the Iraqi economy toward digitization and the modernization of the financial sector's infrastructure, granting the exhibition special strategic importance as it aligns with these changes and brings together key stakeholders in one place.

Who Attends IFEX?

The event attracts a wide range of participants annually, including:

- Central, government, and private banks.
- Local and regional electronic payment companies.
- Insurance and financial investment firms.

Side Activities

Alongside the exhibition, a specialized conference will be held featuring panel discussions and workshops with the participation of senior officials and experts from Iraq and abroad, to discuss topics such as:

- The future of digital banking transformation
- Cybersecurity and financial compliance
- National payment systems and emerging technologies
- The role of insurance in financial market stability
- Financial inclusion and the economic empowerment of women and youth

Banking Excellence Award:

During the event, an annual awards ceremony is also held, in which the "Banking Excellence Shield" is presented to institutions that have achieved outstanding accomplishments in the field of innovation and development.

Economic & Social Impact

The expo has contributed through its previous editions to:

- Enhancing regional and international cooperation in the Iraqi financial sector.
- Attracting foreign investments towards emerging fintech companies.
- Raising financial and banking awareness among individuals and institutions.
- Enabling local companies to explore the latest financial technologies.

Thanks to these achievements, the expo has become a strategic national platform that contributes to implementing the Iraqi government's vision towards an integrated digital economy that keeps pace with global developments.
